

METRO COLORS

Van gedurfd zwart tot elegante zandtinten: de trends liggen voor het oprapen! Zwart is bijvoorbeeld gedurfd en maakt de natuurlijke tint van het licht koeler, wit en grijs hebben minder invloed op het licht en garanderen een rustige maar stijlvolle uitstraling. BASIC COLORS

Neutrale kleuren zijn een goed uitgangspunt voor het interieur, een rustige basis is namelijk altijd te combineren met andere woonstijlen. Welke kleur er ook gekozen wordt: het zorgt altijd voor een lichte en warme uitstraling.

VITRO COLORS

Raak geïnspireerd door alle verschillende en gedurfde kleurtinten: kleur maakt sfeer! Blauw maakt de natuurlijke tint van het licht koeler, wat zorgt voor rust. Geel warmt juist op en zorgt voor een knus gevoel.
